criminal lawyers, civil lawyers, patent lawyers, etc.

each are listed just they would be in a telephone paper back book

there is a language or languages associated with the different regions of the world

each country has it's dialect's and symbols

plugins

commercial listings will have spaces for pop-ups for logos as their advertising listing

city map of the tree can be attached to the global position system(gps), if directions are needed

i think in one of my past description was with a touch screen or voice command in a hard metal ty

the design of the phones will vary, even with the cellular mobile phone.

	A	B	C	D	E	F	G	H	I
1	continuation of page1								
2	my millennium web phones								
3	there is no need to dial 411								
4	shortcuts , catagories,and drop downs								
5	a touch sceen								
6	berry 411 is troublesoi, in that, you have to dial 411,enter work and home address								
7	my millennium none of that								
8	you can lift the receiver and a screen with pop-ups/plugins for advertising								
9	directory listing system								
10	internet								
11	paybills								
12	search for each plugin								
13	my millennium phone will localize by gps for the world wide directory system								
14	berry 411 is like every other phone you have to dial 411 not with "my millennium phone"

	A	B	C	D	E	F	G	H	I
13	my millennium phone will localize by gps for the world wide directory system								
14	berry 411 is like every other phone you have to dial 411, not with "my millennium phone"								
15	if blackberri" ...has seen tremendous improvement", then this millennium is into the next millenni								
16	with a touch of a shortcut on a sceen will get you where you want to be								
17	blackberry has to dial, enter home and work address to localize, none of that with the millennium								
18	with the millennium the gps system will put you in your area as soon as you choose the directory								
19	search								
20	enter name and country, state, county, or city for the listing you desire								
21	if it is a local listing, then you enter the name of the person or corporation								
22	the maps of google with "LIMITED BAND WITH", is irrevelant with the millennium								
23	the millennium is a land iine, and with the gps system on the mobile devices, this berry 411 will b								
24	the berry 411, if you are on the road some where that you would not necessarily know where yc								
25	there will not be a need to download a limited "white and yellow page look up....								
26	the millennium will have an option to touch a country, county, state, and or city
